**Full – Time Midwifery Position Available for a New Registrant  
for a 12 month period, with the possibility of an extension.  
Start date: October 1<sup>st</sup>, 2011**

Guelph Midwives has been an established practice since 1996. We are a shared care practice and strongly believe in striking a good balance between providing excellent client care while maintaining our own family lives. Our clients mostly come from the city of Guelph but we also provide care to women from the surrounding rural areas.

We serve a diverse clientele creating an interesting and balanced caseload. We enjoy collegial relationships with our TPA – Guelph Community Health Centre in which our practice is located. We have privileges at Guelph General Hospital and Groves Memorial Community Hospital and hold leadership roles at both hospitals.

This position has the potential to become a permanent one for the right candidate.

Please forward your resume and cover letter by fax or email to the above address by June 03, 2011.

**Please note:**

Interviews will be held June 06, 2011.
