

NEW REGISTRANT

position available at

OTTAWA VALLEY MIDWIVES

1 Costello Drive, Unit 1

Carleton Place, Ontario

K7C 0B4

Ottawa Valley Midwives (OVM) is seeking an interested New Registrant to join our semi-rural/small town practice based in Carleton Place (30 minutes from Ottawa). We are a 5 midwife practice that services a moderately, large catchment area composed of 60% small town/rural and 40% West Ottawa. OVM has a well established home birth rate of 35-50%. Privileges are held at 2 community hospitals – Queensway Carleton (Ottawa) and Almonte General, where the midwives enjoy full scope practice facilitated by a strong and positive working relationship with the medical community. OVM works in a shared care model, highly valuing supportive collaboration between midwives.

OVM is dedicated to expanding practice to provide service to the many families on our existing waiting list. We are very excited to be practicing out of our new clinic space. The new facility is spacious, modern and specifically designed and built to suit the needs of our midwifery clients, midwives and students.

Ottawa Valley Midwives hopes to find a New Registrant who is dedicated, flexible, energetic and possesses a good sense of humour. The New Reg can expect to begin practice with a caseload and fulfill the New Reg requirements within the year. Living in west Ottawa is an option for midwives who enjoy the amenities of an urban centre.

Please fax or e-mail resume to:

Ottawa Valley Midwives

Fax: 613-253-2550

E-mail: ovmidwif@magma.ca

All applications will be held in strict confidence. Only those candidates chosen for an interview will be contacted.
