

MIDWIFERY SUMMER WORK HOLIDAY in one of the most beautiful destination locations on Vancouver Island, the Courtenay/Comox area is located on the ocean and is surrounded by mountains and farmland. The area is a center for the performing arts and is known for its summer festivals and year-round music and theatre events, including the Vancouver Island Music Fest and the Filberg Festival. Small islands accessible by ferry are interesting retreats to explore as day trips or overnight. Kayaking, salmon fishing, and boating are readily accessible. Mt. Washington, the largest ski area on the island, is a twenty minute drive and offers spectacular hiking in the summer. The historic capitol city, Victoria, is a 2.5 hour drive. The Birthtides Clinic (Comox Valley Midwifery) is located in a lovely renovated character home in the Old Orchard Area of the Downtown. The practice is well-established and offers good remuneration and accomodation assistance. There is excellent office support staff and reception and a small oceanside hospital with specialists available. Flexible dates for 2-8 week locums between July and August. Contact Misty DeWit at 250-338-4810 or email with resume to comoxvalleymidwifery@shaw.ca. References needed.
