Locum-General Registrant

Ottawa South Midwives are looking for an enthusiastic General Registrant to join our new practice from May 2012 with caseload from June 2012. This position is initially for a one year maternity cover, however there is a **strong** possibility that this position will become permanent.

We are a newly established practice located in the South of Ottawa. We serve the local (growing) community and also the Ottawa area. We have hospital privileges at the Ottawa Hospital (Civic Campus) a level 3 hospital, where we work with a full scope of practice. We are well supported, fully integrated and have an extremely positive relationship with the hospital.

Our practice currently has 5 full time midwives, working within a primary care model. We are very committed to balancing both our professional and personal lives and enjoy regular weekends off call.

If you are interested in joining the Ottawa South Midwives please forward your resume and accompanying cover letter by fax or email. All applications will be held in strict confidence. Only those candidates chosen for an interview will be contacted. References should be made available on request.
