**Ottawa Valley Midwives has an opportunity for a short locum placement, tailored to individual time and needs.**

We are a semi-rural practice located in the beautiful, vibrant town of Carleton Place, located on the Mississippi River just 30 minutes from Ottawa. Our location gives you the opportunity to choose between the quieter pace of country living in a small town on the river or in the west end of the nation's capital with all it has to offer. Downhill and cross country skiing, skating on the Rideau Canal, walking and bike trails, the Gatineau Hills, arts, music and culture abound in both locations.

We have privileges at the Queensway Carleton Hospital, a level 2 centre, in Ottawa's west-end and also at the Almonte General Hospital, a level 1 centre, where we have full scope practice. We are well supported, integrated and maintain a positive working relationship with both hospitals.

Our practice currently consists of 5 full time midwives plus a New Registrant who work in a collaborative primary care model. Our home birth rate is approximately 30%. We offer generous vacation options and a fair week-ends off-call schedule. We consistently have waiting lists and anticipate that the successful candidate will have a full caseload.

If you are interested in this position we would be happy to discuss the details, please send your application and resume by fax or e-mail. All applications will be held in strict confidence. Only those candidates chosen for an interview will be contacted. References should be available on request.
