General Registrant – Two Positions Available

Quinte Midwives are looking for two enthusiastic and dedicated General Registrants to join our practice.

The first position is for a one year maternity leave coverage, and the second position is for a seven month maternity leave coverage. Both positions would begin with clinic in February, 2012 (no call), and full client load for March 1 to August 31, 2012.

One of these positions will become permanent for the right candidate.

We are an energetic group of five midwives, with a great clinic location and office support. We are committed to balancing both professional and personal lives, and enjoy excellent rotating off call time.

Located in Belleville, we serve the surrounding community to approximately a 45 minute drive in each direction. Our clientele is diverse, and includes a small but growing Amish population, an Aboriginal community residing in the Tyendinaga Territory, and a military community located in and around the neighbouring town of Trenton. Our home birth rate is 25 to 30 %, and we enjoy good hospital relationships at our local level 1 and 2 hospitals.

Belleville is a lovely area, especially in the summer. Within our catchment area are numerous provincial parks, including Sandbanks Provincial Park, several esteemed wineries and fine dining establishments, hiking trails, and noted festivals (such as Applefest in Brighton, and the Wine and Cheese Festival in Picton).

If you are interested in temporarily joining our practice in Belleville, please send your résumé and a cover letter addressed to Jeannette Davies, Stacey Lytle, and Liza van de Hoef by email to quintemidwives@cogeco.ca, or by fax to 613-771-0200. Résumés will be accepted until October 31, 2011.

Interviews will be held by appointment in November. Only those invited for interviews will be contacted.

We look forward to hearing from you!

Sincerely,

The Quinte Midwives
