

Skilled second attendant needed for home and hospital births

Midwives of Lindsay and the Lakes is a young, growing practice of three midwives situated in the heart of the Central Ontario. Located in Lindsay, Ontario, Midwives of Lindsay and the Lakes services the City of Kawartha Lakes and surrounding rural areas.

We are presently three general registrant midwives, with one going on maternity leave in February 2010.

We have privileges at Ross Memorial Hospital, a Level 1 hospital: presently working towards full-scope practice, and enjoying collegial relationships with hospital staff. We have a growing Amish/Mennonite and teen clientele, and a 30% home birth rate.
