

Midwives Nottawasaga

## HIRING A NEW REGISTRANT AND/OR GENERAL REGISTRANT

***Start date: August 2024 to cover a 6-12 month leave, with possibility of extension.***

Sea & ski, hike and bike on the shores of beautiful Georgian Bay, minutes away from the escarpment, the Bruce Trail, and Blue Mountain,

We are a collegial group of 8-10 midwives who enjoy positive relations with our OB team at our level I facility, holding privileges at Collingwood General & Marine Hospital. We serve a medium-sized rural catchment with a large population of Mennonite clients. For births, we maintain care for epidurals, and transfer care for oxytocin, with a “courtesy catch” often being standard practice. We hold a home birth rate of around 15%.

We are flexible with caseload and scheduling, and value team players with strong interpersonal skills. We have a strong desire to achieve fair scheduling and enjoy off time to enjoy the beautiful place we call home.

We are very fortunate to have an EMCM in our community (Collingwood Well Baby Clinic), who we work closely with. There is possibility for the successful applicant to be involved in some capacity if desired.

**Please send your CV to [midwivesnottawasagapartners@gmail.com](mailto:midwivesnottawasagapartners@gmail.com).**

Only those applicants who will be interviewed will be contacted.
